

# HOW TO

## Step 1. Pre-cleaning

Using the Body Duster, starting from the top of the car and working around and down, gently wipe over the bodywork and glass to remove dust, loose dirt and any other contaminants.

## Step 2. Application

Choose your product. Revive (premium wash, wax and polish) once every 6-8 weeks. (Orange)  
Or Shine 'on (premium wash and polish) in-between wash. (Green)

**Shake bottle well before use.**

Fold the **microfiber cloth** into quarters

Spray a little product just to start on the first  $\frac{1}{4}$  of the cloth.

Start from the top of the vehicle and work your way around and down.

Spray product covering  $1\text{m}^2$  of the vehicle with a fine mist then with one cloth wipe the vehicle clean from dirt

### NOTE:

- When the first  $\frac{1}{4}$  gets too dirty simply use another  $\frac{1}{4}$  and so on. Use both sides of the microfiber cloth. Same applies with the buffing cloth. (8 x  $\frac{1}{4}$ )
- If the cleaning cloth becomes too dirty, simply use the buffing cloth for cleaning and a new microfiber cloth for buffing.

## Step 3. Finishing

With the other microfiber cloth (folded into  $\frac{1}{4}$ 's) simply buff off.

Repeat process until vehicle is clean and protected.

## Wheels, Tyres & Interior

- Wheels; spray product (Revive or Shine 'on) onto surface and wipe clean, use a dry cloth and buff to a shine.
- Tyres spray on (Protect All) and walk away.
- Interior trim plastic and leathers use Protect All (White), which is no-greasy and will also protect and condition. For optimal application on internal surfaces spray onto microfiber cloth and wipe on. If there is any excess simply wipe off with a dry section of the cloth.

## Windows

For perfect results cleaning on windows use **Vision**. Spray product onto the surface, wipe with one quarter, then using a dry quarter gently wipe off.

**Microfiber Cloth Care:** machine washed using normal washing powder. DO NOT use fabric softener as this will reduce the life of the cloth and reduce the level of absorbency.

Thank you for your purchase.
